

“Mingle and Exploring Human Rights in Europe!”
Kratovo (North-Macedonia), 07.12.2019 - 14.12.2019

Project description

The project aims to engage young leaders, especially Roma and marginalized youth to promote and work through non-formal education of their peers about democracy, human rights, right to access free public information, the right to vote and freedom of choice, the right to ask questions in their municipalities and to raise their voice for their rights as citizen.

This project will not only increase the knowledge and sensitivity of the young Europeans on the topics of Human Rights, Democracy and Discrimination, with an accent on Antigypsyism, but the increased awareness of the young Roma and non-Roma can strengthen the consciousness of the participants about their role and responsibility within their communities, the society and in Europe at large.

Through this project, the participants from Romania, North-Macedonia, Germany, Turkey, Lithuania, Bulgaria and France will enlarge and deepen their grassroots networks, enhance their capacity in European cooperation, build partnerships with stakeholders and authorities on all levels, position themselves by mainstreaming their inclusive, empowering and participative approaches on the respective levels and fulfill their own missions.
