

# AMARO FORO CALL FOR ENTRIES

**We seek pictures to use in our Photo Pool and call for photographers to submit their works until December 1st, 2023.**

Which pictures can be used for key words such as “Antigypsyism” that don’t reproduce stereotypes or put vulnerable people in a bad light? In which ways can resistance and the fight for justice be visualized in media? What kind of photos should be used for news topics like the fight for refugee and migrant rights, Romani empowerment, the commemoration of genocide or generally anything related to Roma and Sinti?

The pictures should meet established media standards and show an ethical and non-discriminatory image of Roma and Sinti. In addition, the pictures should be in print quality (300dpi) and up-to-date (as of 2020). If individual people are recognizable on them, the images must be released for editorial use (with a written consent of the persons depicted).

The best photos will be selected to be purchased (for 300€ each) for our Photo Pool, so that media professionals can access and use them in the future. Additionally, the 3 best pictures will be rewarded with a little present and presented at a public event in 2024.

**Please submit your pictures to [andrea.wieriche@amaroforo.de](mailto:andrea.wieriche@amaroforo.de)**

If you have any questions, don’t hesitate to contact us. All information can also be found on our website [www.amaroforo.de](http://www.amaroforo.de)

We are looking forward to your entries!
